Companion Home Care offers non-medical companion care and assistance is available including, but not limited to, meal preparation, housekeeping, laundry, pet care, escort to appointments and social functions, medication reminders, bill paying and rectifying, correspondence, errands, companionship, internet research and email to families, Medicare filing of forms for drug discount program, organizing of doctor appointments and medications.

Also includes respite care for family.

Companions are screened, bonded and insured so you may feel safe about having them in your home. They are also subject to criminal background checks and must provide numerous references from their church, community and employers. Some caregivers have completed Alzheimer's training.
