Aarondale devotes an entire section of the building called "Inspiritas" to seniors with impaired memory. Residents enjoy all the benefits of full assisted living, including additional staff supervision and safety precautions. Specially designed safety devices ensure the well-being of residents with memory impairment.

"Inspiritas" at Aarondale has its own nurse station, activity room, and common living area. Individual apartments within the area are modified for safety. Seniors who are no longer able to live by themselves will benefit from the extra supervision and the interaction with caring staff. Trained staff assist with tasks such as bathing, dressing, taking medications, and other daily needs. The staff emphasizes individualized social, recreational, and educational programs designed for memory-impaired individuals.

"Inspiritas" includes all amenities, twice-weekly housekeeping, flat linen service, and twice weekly personal laundry service, specialized activities designed for adults with memory impairment, and all levels of assisted living services.

The capacity for assisted living and memory care is 60 residents.
