Event Description

Oral Healthcare Access for Individuals with Special Health Care Needs is informational, no dental care will be provided. The purpose of this program is to discuss dental care accessibility for individuals with special health care needs, including techniques that are working well and barriers to accessing dental care. This program is open to caregivers, dental and medical professionals, educators, family members or friends and anyone interested in attending. Free but registration is required: You can register at <http://bit.ly/CCMarch22>
