Link2Care, LLC provides case management services to work with individuals and/or their families to assess their individual needs and implement an individualized care plan to meet them. Working in collaboration with individuals and their supportive persons to help organize and care for all of their needs connecting them to appropriate resources and community support with the goal of improving their quality of care and keeping them safe and well in the community.

They are client advocates, registered nurse case managers who support individuals and their loved ones in identifying their unique and individual needs. They perform needs assessments and implement individual care plans to meet the clients' needs. They identify the clients' individual barriers to health and provide them with appropriate interventions/solutions and link the clients to appropriate care through community resources and supports.
