As one of the largest independent providers of medical alert systems, Connect America is trusted by thousands of families nationwide. Connect America provides comprehensive at-home and on-the-go medical alert systems to keep individuals safe and independent while living in your own home and community. The systems offer 24 hours, seven days per week monitoring with emergency response at the press of a button. Additional features include a Concierge Call Center, Medication Management, fall management, wandering and activity monitoring.

Connect America also offers connections to essential services such as nutritious food delivery, transportation, and a 24-hour nurse line. Additional services include linking to companion services, social support, and health engagement and education.
