Greater Richmond Transit Company (GRTC) now offers a microtransit service for those areas that do not support a traditional fixed route service. LINK is a zone-based on-demand service that provides curb-to-curb rides between any two places within the zone. All vehicles are wheelchair accessible.

Use the **GRTC On the Go** app to request a ride between any two places within a designated zone. After being matched with a LINK van that is available, a GRTC Operator will pick you up and drive you to the designated drop-off point. Download the app from the App Store or Google Play.
